NEWFANGLED SCHOOLS.

They taught him to hemstitch and they taught him how to sing, And how to make a basket out of variegated string, And how to fold a paper so he wouldn't hurt his thumb: They taught a lot to Bertie, but he couldn't do a sum.

They taught him how to mold the head of Hercules in clay, And how to tell the difference 'twixt the bluebird and the jay, And how to sketch a horse in a little picture frame: But strangely they forgot to teach him how to spell his name.

Now, Bertie's pa was cranky, and he went one day to find what twas they did that made his son so backward in the mind.

"I don't want Bertie wrecked," he cried, his temper far from cool; "I want him educated!" so he took him out of school. —Newark News.

SHOT IN THE ARM.

Kemp Ball, Military Man, Seriously Wounded Last Night.

In order that all might be present for the start this morning, Captain Watson quartered his Company in the armory at the Courthouse last night.

At roll-call it was found that Private Frank Daniel did not respond and was absent without leave. A detail of two men—Kemp Ball and Lou Yarnall—was made to go to his home and bring him in.

They found him at home, and being in night dress he requested time to get in his clothes, which was granted but instead of coming out the front door he fled by the back.

The detail returned and reported the facts to the Captain, who sent them back with instructions to watch the house and bring him in again.

Yarnall stationed himself at the front and Ball in the rear of the building to watch developments.

At 11:30 o'clock Tilden Daniel suddenly approached Ball and with revolver in hand demanded that he leave the premises by the time he counted two, and at the same time calling "one" in a loud voice.

He held the revolver close to Kemp's head and again called "one."

By this time Yarnall's attention was called and on his approach Daniel turned his head, and in an instant Ball grasped the revolver and emptied it of its loaded shells.

While this scuffling was going on another man—Kemp thinks it was Frank Daniel—appeared at the corner of the house and shot him.

The revolver used was either a 32 or 38—more likely a 32. The ball entered his left arm near the shoulder, breaking the bone and burying itself in the muscle of the arm, and early this morning had not been located by Dr. Davis, the attending physician. The bone of the arm has been splintered. Dr. J. A. Reed was called this morning to assist Dr. Davis.

The wound is a serious as well as painful one and the outcome cannot just at present be determined.

Officer Bruce Easton arrested Tilden Daniel, who is charged with the shooting, and placed him in jail.

MANY MISFORTUNES.

Trouble Comes Fast to a Former Mason County Couple.

Another link in the chain of misfortune which has drawn James W. Thomas from a position of affluence and wealth to one of abject poverty was added Tuesday, when his four children—two boys and two girls—were placed in the Children's Home at Cincinnati.

Thomas is the father of eight children. Four years ago he owned a farm of several hundred acres on Beasley Creek, this county.

Being a cripple, he did not go along. First came an accumulation of debts and then the loss of the farm, and Thomas, accompanied by an invalid sister, went to live with a sister at Ironton.

Mrs. Thomas, the wife, took the eight children and went to Covington. The oldest boy joined the Navy, and Mrs. Thomas, by selling what furniture she had piece by piece, managed to exist.

With absolute want staring her in the face she lately sent her two older daughters out to work, secured employment herself and placed the remainder of her children in the Children's Home Tuesday in Cincinnati.

Mrs. L. V. Davis's Fall line of Millinery is now complete.

H. C. Bruce, alias J. Parker, who gave his home as Vanceburg, with two other prisoners, made an unsuccessful attempt Tuesday to escape from the Covington Jail.

GAINED FORTY POUNDS IN THIRTY DAYS.

We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.

THE Lexington Democrat says a vote for Colonel BELKNAP is a "damnable thing." You're another.

NEXT to enterprise, this city needs a few new faces in her Council. If she gets that, enterprise will follow.

THE Breathitt county murderers are still defying the law. T'other day a fellow named ELIJAH BOLIN, who was in Jail at Jackson for killing BOYD GRIFFITH, suicided before trial. This, at all events, is better than a Beckham pardon before trial.

DOWN at Covington OLLIE SMITH has filed suit against the Chesapeake and Ohio Railway Company for \$1,895 damages. SMITH claims that while working for the Company the point of a chisel broke and a piece of it struck him in the eye. It is now in order for the mother of the man who was drowned in the Ohio at Lndlow to sue the C. and O. for umpteen thousand dollars, 'cause the water ran under the Company's Bridge at Cincinnati.

Among the most notorious extravagances of the Beckham Administration have been the indiscriminate employment of favorites of the ring for special legal work, as "Assistant Attorneys" for the state in litigation to collect claims due it which could be easily handled by the proper department, that of the Attorney General, who is a Republican.

The expenditures for this work have been as follows:

Under Bradley..... \$10,186.03
Under Beckham..... 104,374.79

Excess in Beckham's term.... \$ 98,800.76

EVEN Mr. WATTERSON has periods of sanity. Speaking of the beginning of the present condition in Kentucky he says—

"It need not be denied that these manifestations had their origin among the Democrats."

And then he pays this further compliment to the Democrats by saying they were—

"backed by an election law, contrived to leave nothing to chance. Fair dealing was tossed to the winds. Justice, honor, truth—the decent report of decent people—was trod under foot. Both parties, each party, went in to win, regardless of consequences. The State Machinery was in the hands of the Republicans. The Electoral Machinery was in the hands of the Democrats. A foul election was never held."

To say the least, Mr. WATTERSON is growing candid in his older days.

New Hussars barracks costing \$500,000 are to be erected at Bonn, Germany.

Funds for the building and endowment of a German school in Yokohama are being raised in Berlin.

Adolph Toepperwein, champion wing shot of the world, broke his former record of 985 targets by making 989.

November 10th next is the date fixed on which 750,000 acres of ceded Chippewa lands will be declared open for settlement.

Elijah Bolin, charged with killing Boyd Griffith in Breathitt county, took morphine in the Jackson Jail and died from its effects. The drug was given him by his brother, who has disappeared.

CONSTITUTIONAL AMENDMENT
To Be Voted On at the November
Election.

CHAPTER 50.

An act to provide for an amendment to Section 181 of the Constitution of Kentucky.

The General Assembly may, by general laws only, authorize CITIES OR TOWNS OF ANY CLASS to provide for taxation for municipal purposes, on personal property, tangible and intangible, based on income, licenses or franchises, in lieu of an ad valorem tax thereon;

"Provided, cities of the first class shall not be authorized to omit the imposition of an ad valorem tax on such property of any steam railroad, street railway, ferry, bridge, gas, water, heating, telephone, telegraph, electric light or electric power company."

Do Good—it Pays.

A Chicago man has observed that "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will set you off cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures." I know it, for it has helped me many a time." Said by J. Jas. Wood & Son.

CINCINNATI has lost her laurels. For years she was the Porkopolis of the country; but now she has sent a committee to Chicago to learn how to kill hogs and to import Windy City methods.

THE Louisville Herald, in a striking article, made a comparison between the case of CALEB POWERS and the case of ROBERT EMMETT.

This comparison has irritated The Lexington Democrat, which says that it is an insult to every Irishman. Perhaps, says The Louisville Evening Post, we can add somewhat to that serenity of mind, so characteristic of the Editor of The Democrat, by offering another comparison, also drawn from Irish history.

O'CONNELL was brought to trial for sedition in Dublin in 1843. His counsel challenged the array of Jurors because, for some reason or other, fifty-nine names of the Jury list had been left out in the copy made for drawing the Jurors, the claim being that these names had been omitted in the interest of the Crown. The conviction was on this ground reversed by the House of Lords. Lord DENMAN in that case said:

"If it is possible that such a practice as that that has taken place in the present instance should be allowed to pass without remedy, trial by Jury, instead of being a security to persons who are accused, will be a delusion, a mockery and a snare."

No one could say that a solid Democratic Jury could be confidently relied upon to convict men accused of crime in order to meet a party necessity, but the fact remains that in the present condition of public mind in Kentucky, these cases against men accused of conspiring to murder Senator GOEBEL aroused the utmost bitterness, and if partisan Juries are selected every thing has been done that it is possible to do to eliminate chance from the verdict.

Unless Juries be impartially selected—to use the language of JEFFERSON—they become mere instruments of oppression. More important than the fate of CALEB POWERS is the fate of the Jury system in the state of Kentucky. If, in moments of great excitement, the Jury may be made the instrument of partisan oppression or personal malice, then the faith of the American people in the justice of that system will disappear. It is scarcely conceivable that by an accident all of these Juries should be either solidly Democratic or with some man on it pointed to as a Republican by the prosecution merely to break the force of the indictment brought against the administration of law in this state. Such a condition of affairs is designed, and such a design so successful puts in peril the life, the liberty and the property of all men.

The third trial, the last time in Wolfe county, of Claude Day, charged with killing Felix Bullock in Breathitt county two years ago, resulted in acquittal.

Several cases of attempted suicide by taking corrosive sublimate having occurred lately in Naples, the local papers are indignant at the ease with which the poison can be obtained.

Quite a number of our young folks were in Maysville Monday night attending Fnnst's Minstrels.

W. C. Beyersdorfer and family of Ripley were guests of Mr. and Mrs. Thomas Kevin last Sunday.

There is a good opening here for a sawmill or lumber merchant. Who will take advantage of the opportunity?

THE PRISONER

Who escapes from jail is by no means free. He is under the ban of the law and punishment is written over against his name. Soon or late he will be caught again and bear added punishment for his short escape from his cell.

Those who by the use of palliative powders and tablets escape for a time from the sufferings of dyspepsia are in the same condition as the escaped prisoner. Soon or late they will go back to the old condition and pay an added penalty for temporary release.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and organs of digestion and nutrition. Its cures are lasting.

"For about two years I suffered from an obstinate case of dyspepsia," writes R. E. Scott, 118 King St. Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them all. It was so far gone that I could not bear to eat food for my stomach for a long time. I felt melancholy and depressed, could not sleep or follow my occupation (business). Some four months ago a friend recommended your 'Golden Medical Discovery.' After a week's trial I had no relief, so much belief that I continued the medicine. I have taken one bottle and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets stimulate the liver.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overrated. The poor patient, and the rich patient, too, can do much better at home by proper attention to food, digestion and a regular use of German Syrup. Free expectation in the morning is undoubtedly aided by German Syrup; sold a good night's rest and the absence of that weariness, cough and debility in the night. Restless nights and the exhaustion due to continuing the greatest danger and dread of the consumption can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate you will find that of the thousands of consumers there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25¢; regular size, 75¢. At Henry W. Ray's, next door to Postoffice.

Mr. Jack Cobb is preparing the foundation for a handsome cottage on the lot he recently purchased from Mr. C. C. Dogman.

To fully appreciate the value of classic Cabin Creek, with its countless deep and shady pools of crystal water, one should take a twenty mile drive along it, as this correspondent did recently. Mile after mile was driven through heat and dust without finding a single convenient place for drink for either horse or driver. Once in a great distance some lone farmer seemed to be "arising to the occasion," and instead of complaining of the "dreadful visitation of Providence," was actually making preparation to save next winter's over supply of water for the following summer by making cisterns, wells, pools and ponds. In summer we can our surplus vegetables and fruit for winter. Why not make greater efforts to save the surplus water of winter and spring for summer as well, remembering that "wilful waste makes woe want."

The demand for tight barrels in which to "bani water" very much exceeds the supply.

Mr. Oscar Nash and family of Epworth were here Tuesday on route to Sciotoville, O., where they expect to make their future home.

The bottom is said to have dropped from the tie trade all along the C. & O. except at this place, where the buyers are still paying 48 cents for good ones and 30 cents for seconds.

CANDIDATE NOMINATED.

The Democrats Name Mr. L. W. Robertson For State Senator.

The Senatorial Convention of the Mason-Lewis District met yesterday at Vanceburg.

Acting upon the recommendation of the Mason county Democracy, the Convention nominated Attorney L. W. Robertson of this city as the candidate to oppose Hon. William H. Cox, Republican, for State Senator from the Thirty-first District.

Mr. Robertson has been in the East for some time, but it is claimed that his consent to make the race has been secured.

He Learned a Great Truth.
It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by J. Jas. Wood & Son, Druggists.
